

## 2019 - DBMS Phase-2 Evaluation

<remove this line. Fill up the document, print out a sheet and hand it over during evaluation. Put in the total hours of effort you have spent on this assignment. This should include prototyping to select technology, coding, testing and documentation effort>

| Member Name | USN | Section | #hrs effort | Team No |
|-------------|-----|---------|-------------|---------|
|             |     |         |             |         |
|             |     |         |             |         |
|             |     |         |             |         |
|             |     |         |             |         |

Date of Evaluation :

Evaluator: Dr.Mamatha.H.R

1. No of tables created : \_\_\_\_\_

| Table No | Table Name | No of Attributes | No of tuples inserted |
|----------|------------|------------------|-----------------------|
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |
|          |            |                  |                       |

2. No of Basic queries : \_\_\_\_\_

3. User Interface : Yes/No ( To be filled by Ma'am)

Signature  
( Dr. Mamatha.H.R)

**Note:** Please make sure requirements in the guidelines are met.

1. 6-8 tables with minimum of 4 attributes.
2. 6-7 basic queries.
3. User Interface.
